The purpose of this Operational Memo is to inform the Community Centered Boards (CCB) of the new State-Supported Living Services (State-SLS) Support Plan Template and its implementation date.

Information:

On June 30, 2019 new regulations went into effect for the State-SLS program. These new regulations may be found in 10 CCR 2505-10 8.501. As part of the implementation of the new State-SLS Support Plan requirements, the Department of Health Care Policy & Financing (Department) created a State-SLS Support Plan template. Beginning November 1, 2019 CCB Case Managers must use the new State-SLS Support Plan Template for any new State-SLS Support Plans or when updating an individual's current State-SLS Support Plan.

Please find attached the State-SLS Support Plan template, which is a fillable PDF. As of November 1, 2019, this Support Plan template must be completed to authorize State-SLS services and supports, and a copy of the Support Plan must be kept by the CCB and made available to the Department upon request. If the CCB is requesting additional

State-SLS funding to reduce or eliminate a waiting list, the State-SLS Support Plan must be included in the request.

Please contact the Department with any questions.
